

This week we are.....

Continuing to develop our large robot.

Adding to our ocean small world play.

Making patterns with shells in the playdough.

Making shortbread and recording the process in our class book.

Saying goodbye and talking about moving on.

Brunswick Nursery
19.7.21

We hope you all had some fun at home last week. It was lovely to see some of you on Zoom.

Look at the carrots growing. We'll pull some up this week.

We have some little tomatoes growing too.

At home....

- Bring in any old maps for us to draw on.
- Roll out some playdough and cut out different shapes.
- Talk about saying goodbye and help the children to understand what is happening.
