

In the Garden we will be enjoying our new reading shed and engaging in lots of mark making to record what is happening with all of our planting.

In the Green Room we will be looking at photographs and preparing for our 'Woodland Adventure' trips.

In the Red Room we will be observing some chick eggs as they hatch and recording what happens.

In the Funnel Room we will be creating a seaside scene including a rockpool.

At home....

Tell your family all about what is happening with the eggs each day.
